START A COMPANY GOLF TEAM

- Supports Inclusivity, Diversity and Health and Wellness programs
- Provide networking opportunities for employees in their 20's and 30's through team-based golf
- Your company will be marketed digitally and on-site
- Get started by subsidizing employees' entry fees like Deloitte and others

We love playing City Tour tournaments representing our company, 18Birdies. It's great to socialize with co-workers and also network with other Bay Area millennials.
